

PRODUCT INFORMATION

P.C. OIL LOSS STOP, 250 ml

Art. No. 60242

OIL LOSS STOP reduces loss of oil leaking from motors by hardened seals. It seals leaks from the motor without removal. It regenerates hardened rubber seals such as oil seals, valve stem seals, etc.

Properties

- Softens up again hardened and worked out sealings and increases the motor's tightness
- Regulates the viscosity of the motor oil
- For gasoline and diesel engines with or without turbocharger or catalyts
- Mixable with all mineral or synthetic motor oils
- Regulates the oil consumption at high temperatures

Application

Add the content into the warm motor oil. Make sure the oil contents do not exceed the maximum oil level in your motor. One bottle treats a crankcase of 3 to 5 litres. **The product does not solve mechanical problems!**

The expiration date is 2 years after production date under the permission that the product is stored in a dark, dry and cool place.

Our data sheets and prints should advise in all conscience. The content is regarding to treatment and application an unenforceable obligation as we have no bearing on it. Modifications which result in improvement are reserved.
