

PRODUCT INFORMATION

P.C. MOTOROIL ADDITIVE + MOS₂, 250 ml

Art. No. 60272

PROFI-CAR MOTORENOIL ADDITIV + MOS₂ is a high-performance additive package for improving the wear protection properties of all engine oils. Increases operational reliability in the high-temperature range. Improves the coefficient of friction. Reduces wear. Reduces fuel consumption.

Properties

- Stability of the lubricating film at low and high temperatures
- Reduces fuel consumption
- Reduces oil consumption
- reduces friction
- reduces wear
- ensures emergency running properties
- increases running smoothness

Areas of Application

For engines with extreme engine oil load in the high temperature range. Protects in the event of severe oil dilution due to cold and short trips.

Application

Add can contents to warm engine oil.

Add approx. 5% (250ml for 4-5 Ltr.)

The expiration date is 3 years after production date under the permission that the product is stored in a dark, dry and cool place.

Our data sheets and prints should advise in all conscience. The content is regarding to treatment and application an unenforceable obligation as we have no bearing on it. Modifications which result in improvement are reserved.
